# About CleanAce Foundation

CleanAce Foundation & Academy is Africa's foremost professional training institution in the Fabricare industry, a trailblazer in skills development, inclusive empowerment, and value-driven enterprise education.

As the training and empowerment arm of CleanAce Fabricare Group, we have led the charge to redefine technical and vocational education across Nigeria and Africa through a self-funded, mission-led model rooted in impact and integrity.

## Impact at a Glance:

- Over 1,000 professionals trained free of charge or heavily subsidized across Nigeria and West Africa.
- Deaf-inclusive bootcamps and custom sign-language-enabled programmes for Persons With Disabilities (PWDs).
- Masterclasses and open-factory workshops in Lagos, Ibadan, Abuja, Port Harcourt, Benin, and more.
- Apprenticeship-to-Enterprise pipelines for women, youth, and displaced entrepreneurs.
- Zero donor dependency: CleanAce has self-funded these programmes as a social enterprise expression of Kingdom stewardship.

Our approach is holistic, combining technical excellence, entrepreneurship, and Kingdom values to raise a new generation of skilled professionals who uphold both competence and character.

## Our Alignment with the United Nations Sustainable Development Goals (SDGs).

CleanAce Foundation & Academy actively advances the following 8 SDGs through its mission and programmes:

- SDG 1 – No Poverty: By creating income-generating skills and business pathways.
- SDG 4 – Quality Education: Through structured, practical, competency-based training.
- SDG 5 – Gender Equality: By empowering women through inclusion in technical trades.
- SDG 6 – Clean Water & Sanitation: Via hygiene, textile care, and laundry process education.
- SDG 8 – Decent Work & Economic Growth: Through job creation and entrepreneurial incubation.
- SDG 9 – Industry, Innovation & Infrastructure: By driving industrial knowledge and open-factory systems.
- SDG 10 – Reduced Inequality: Through training models designed for PWDs, especially the hearing-impaired.
- SDG 17 – Partnerships for the Goals: Through alliances with mission homes, universities, manufacturers, and policy actors.

We are not just a training institute – we are a movement.

A movement to restore dignity through skill, to build futures through clean enterprise, and to equip Africa's next generation with everything they need to thrive in business, in values, and in purpose.

As we Revolutionize Fabricare in Africa, we believe that with God, all things are possible.

# Welcome Address

**Distinguished guests, Special Guests of Honour, our keynote and guest speakers, industry leaders, FPDA executives and members, partners and sponsors, ladies and gentlemen,**

Good morning, and welcome to the 2026 HYPER Masterclass.

I thank God for today, because moments like this do not happen by chance. They are the result of purpose, preparation, and divine alignment. Scripture reminds us that “Wisdom is the principal thing; therefore get wisdom, and with all thy getting, get understanding” (Proverbs 4:7). Today is about receiving the wisdom and understanding required for intentional growth.

For almost ten years, CleanAce Foundation and Academy has remained committed to one conviction—that when people are equipped with the right knowledge, values, and structure, the Fabricare industry will be transformed for good. What we see here today is clear evidence of that conviction.

Our theme, **“Making Audacious Moves in 2026,”** is not a call to recklessness, but to courage backed by wisdom. Audacious moves demand insight, discipline, humility to learn, and the boldness to act.

I wish to specially appreciate our Keynote Speaker, Dr. Olakunle A. Iyanda, who has freely given his time, knowledge, and experience—without financial gain—purely out of a desire to add value to the Fabricare industry. This reflects true leadership. As Scripture says, “Freely you have received; freely give” (Matthew 10:8). Sir, we are deeply grateful.

I also sincerely appreciate those who travelled from outside Lagos to be here today. Your presence reflects hunger for growth and commitment to advancement. I am confident that your investment today will yield visible results tomorrow (Galatians 6:9).

As an industry, we stand at the intersection of opportunity and responsibility. Regulations are awakening, expectations are rising, yet doors remain wide open for those who are prepared to move boldly (Revelation 3:8).

Today’s programme has been carefully designed to equip you with clarity—on taxation, legal responsibilities, insurance protection, and strategic growth—so that your decisions in 2026 will not be driven by fear, but by understanding (Hosea 4:6).

I sincerely appreciate LG Electronics for their consistent support for training, innovation, and capacity building in the Fabricare industry. I also thank the Board of Trustees and Executive Council of FPDA for their leadership in promoting standards, unity, and professionalism.

We look forward to closing the day with the first FPDA Gala, Awards and Dinner Night, where we will honour excellence, appreciate service, and officially flag off the countdown to CleanShow Africa 2026.

May today position you.

May the wisdom you receive today guide your decisions to your greatest business breakthroughs.

Once again, welcome to the 2026 HYPER Masterclass.

God bless you all.

**Eniibukun ADEBAYO**

**Founder, CleanAce Foundation and Academy  
January 2026**

## Profile of Special Guest of Honor

### Hon. Akinyemi **Bankole Ajigbotafe**

*Commissioner,  
Wealth Creation  
and Employment, Lagos State*

**Hon. Akinyemi Bankole Ajigbotafe** is the Lagos State Commissioner for Wealth Creation and Employment, serving in the administration of Governor Babajide Sanwo-Olu. A public sector leader with a strong commitment to inclusive economic growth, he provides strategic direction for programmes focused on job creation, employability development, entrepreneurship support, and wealth-building opportunities for Lagos residents.

In his current role, Hon. Ajigbotafe drives initiatives that strengthen the state's workforce ecosystem through policy execution, stakeholder collaboration, and empowerment interventions designed to improve livelihoods and expand access to sustainable work.

His leadership supports Lagos State's broader development agenda by promoting capacity-building, enterprise growth, and employment pathways for youths and diverse communities.

Prior to his appointment as Commissioner, he served as Special Adviser (Non-Cabinet) to the Governor of Lagos State on Community Development, contributing to grassroots engagement and community-led development strategies across the state.

Hon. Ajigbotafe is widely recognized for his service-driven approach and dedication to building a more productive, empowered, and economically resilient Lagos.

## Profile of Special Guest

---

### Ms. Moronke **Azeez**

*Executive Secretary,  
Lagos State  
Technical and Vocational Education Board  
(LASTVEB)*

**Ms. Moronke Azeez** is the Executive Secretary of the Lagos State Technical and Vocational Education Board (LASTVEB), where she provides strategic leadership in driving technical and vocational education initiatives that promote employability, skills development, and workforce readiness across Lagos State.

In her role, she supports the advancement of practical, industry-relevant training programmes designed to empower young people and professionals with in-demand competencies for sustainable careers and entrepreneurship. Through collaborations with government stakeholders, training institutions, and private sector partners, she contributes to strengthening the technical education ecosystem and expanding access to quality vocational learning opportunities.

Ms. Azeez is recognized for her commitment to building a skilled and future-ready workforce, aligned with Lagos State's broader agenda for wealth creation, youth empowerment, and economic development.

# Profile of KeyNote Speaker

---

## Dr. Kunle **Iyanda** (PhD, FCA)

*Founder & CEO  
Broot Consulting*

**Dr. Iyanda** is the Founder and CEO of BROOT Consulting and Design Thinkers Group Nigeria. A Chartered Accountant, strategist, and corporate governance and innovation expert, he brings close to three decades of cross-sector experience spanning manufacturing, higher education, healthcare, and management consulting.

He has trained and advised leaders across corporate strategy, design thinking, innovation management, change leadership, culture transformation, and operations management.

He has contributed to global innovation initiatives with the World Design Organization, IBM, and Design for America on the COVID-19 Design Challenge.

He holds an MBA (Finance) from Olabisi Onabanjo University, an MSc in Corporate Governance from Leeds Beckett University (UK), and a PhD in Information Systems Management with a concentration in Innovation Management from Walden University (USA). He has written and spoken extensively on leadership, innovation, execution, and institutional transformation.

**FABRICARE  
PROFESSIONALS AND  
DRYCLEANERS  
ASSOCIATION**

## About **FPDA**

**We are the approved and registered group of Fabricare and Professional Dry Cleaners in Nigeria called the FABRICARE AND PROFESSIONAL DRYCLEANERS ASSOCIATION (FPDA).**

We are a collective body of experts, startups and even aspiring professionals in drycleaning and fabricare business who are solely committed to pursuing the common and noble ideals of unity and progress, and to provide for each other, a working code of rules and regulations. We are set to guide our pursuit of these ideals, and our major objective is to achieve excellence and high standards in our various business deliverables.

We are actively involved in every initiative, projects and other relative events that fuels growth, support and togetherness in business.

### **VISION**

To establish a united support system, and develop a band of globally relevant structure and brand owners in the Fabricare and Professional Dry Cleaning business in Nigeria.

### **MISSION**

To establish and promote an active structure and system that supports growth, unity, excellence and high competence in Fabricare & Drycleaning business.

### **CORE VALUES**

The association is centered on four basic values consisting of;

QUALITY  
EXCELLENCE  
CLEANLINESS  
PROFESSIONALISM

All activities and deliverables will be channeled on these values to enable us work in line with the set goals of FPDA.

## Profile of Board of Trustees

Haija Ramatu  
**Ibrahim**

**Ramatu Ibrahim** is a seasoned entrepreneur and Managing Director of Pure Garment International Limited, a laundry and dry-cleaning company she has led for 9 years. With over 20 years' experience, she is an award-winning leader trained locally and internationally, and she is passionate about youth and women empowerment in Northern Nigeria.

Mr Akaninyene  
**Davies**

**Akaninyene Davies** is the founder and Cleaner-in-Chief of Garment Cleenique Ltd, with four locations across two Nigerian states. He studied at the University of Port Harcourt and trained at the Dry Cleaning and Laundry Institute (USA) in Advanced Dry Cleaning Technology. He attends major international textile care conferences and champions a stronger professional cleaning community in Nigeria.

Mr Eniibukun  
**Adebayo**

Eniibukun Adebayo is a third-generation fabricare expert with over 35 years of experience in the laundry and drycleaning industry. He is the Founder of CleanAce, Africa's first ISO 9001:2015 Certified Drycleaner, recognized for setting new benchmarks in quality and service excellence.

A Lagos Business School alumnus and Harvard Business School executive graduate, he was also President of the EDC Alumni Association and a Stanford SEEDS and Transformation Network Cohort 1 fellow.

He established the CleanAce Foundation & Academy, Africa's first fabricare empowerment and training institution, pioneering global inclusion by training Persons with Disabilities (PWDs)—particularly the hearing-impaired—for active participation in the industry.

As Pioneer and Chairman of the Fabricare Professionals and Drycleaners Association (FPDA), he leads efforts to promote collaboration, professionalism, and growth across Nigeria's fabricare sector.

A passionate advocate of excellence and godliness, he lives by his enduring belief that "Cleanliness is next to Godliness."
